“ Ive known John for 25+ years. He was the same man the day he left for heaven as he was the day I met him. We had many great conversations about a multitude of topics....UT Baseball was probably our longest running topic, There is definitely a "Wild Bunch" in heaven now....I will miss you my friend....

“ John was one of my best friends for over 30 years. We met at my first job out of college, United Bank. He quickly became one of the family. He had many favorite things in life...UT Football and Baseball, Beach Boys, Beatles, Breakfast at Magnolia Cafe, History, and Politics. I will remember your laugh, your cards, your innocent reaction to new things and places. I knew every broken heart and every triumph, and I hope you know I am glad I could be there to lend my shoulder or cheer you on. I will miss you my friend. You always wanted to fly, and God has given you wings to soar. Blessings. Tammy

“ I would not know how to begin, I have known John many years...there was so much special about him. John was always in your life on a regular bases...reminding you how much he cares... the one true and pure person who stood by those he loved no matter what...a person you could really relax and be yourself around... be goofy and show your inner child....go places with like Ski Shores or Wimberley TX, he loved that and he made your life a better place to be... A place that really mattered. There is just no one like John and I will miss him so much, with love to John in memory and love to his family, Lynda G Thorpe
