“ Rick was an incredible man of integrity that will be greatly missed by the Delz family. He was more than an employee and co-worker. He was a great friend and it didn't matter who wrote the checks he was the boss and everyone knew it. He and Gary shared a birthday and Gary always felt like he had a big brother in Rick. I know they always enjoyed playing tricks and giving each other a hard time. I personally always enjoyed my visits with Rick and him helping me to poke fun at Gary.

“ I love this man...My Dad was such a character. He always told me to find the good in the bad... theres nothing you can do but pick up and move on when things don't go your way. With his genuine smile and his soft tone voice the positive words of encouragment and truth of life always gently spoken when I needed an ear to listen. I miss him already so much..but am very thankful for him and my time with him. Thanks Dad for being you "ALWAYS"

Love you till we meet again..Jennifer
