“ Vanessa thank you for coming to spend the day with us it was very special to me. It was nice to come together as a family. I am so lucky to have such a great family. Don't ever forget the way to Wells Fargo it was a God thing so we could spend more time together. I know Robert was with us in spirit every step of the way. The only thing I regret is not being able to tell you goodbye when you left in the morning.

“ Annette thank you for being such a special sister. You were my anchor when I needed you the most. Thank you for being so strong and taking care of things for me. It was very hard for me to do anything, I don't know what I would have done if my little sister wouldn't have been there to prepare everything. The memorial was so beautiful and I know Robert was up in heaven thanking you for taking care of things. I love you so much. I have so much more I could say to you, but you know how I have been lately its hard for me to think right now.

“ Robert thank you for being a great husband, father and grandfather. I will miss you so much. I will miss you going with Maddie and I to all those beautiful parks. I know it was hard for you to breath, but you still went with us to make us happy. I will miss you playing love songs and singing me Spanish songs. I will never forget that you went to enchanted rock and made me climb all the way to the top with you, at this time you were still having trouble breathing, all this you did for me. I don't remember you ever telling me not to buy stuff. You never did anything for you, you did everything for your family. It hurts not being able to touch you or see you. I love you so much babes. I am so happy God blessed me with you. To me you are the greatest man that ever lived. Love you babes xo xo xo xo. Your wife Mary
