“ I know you are finally at peace, but it hurts my heart that you had to go.. You know you have always been my most favorite out of all my relatives.. arguing over who was older when we were young to who was younger, as we got old...will never forget those chocolate shakes you made me in the early morning hours, when we were supposed to be sleeping... You always made me feel beautiful..always wanting to hook me up with one of your buddies..lol.... and we have a few secrets that we got to keep all these years... I always remember you getting in trouble at the kitchen table for cracking non-stop jokes... you were soooo funny....Uncle Ed telling you 50 times... that's enough Roger... oh I so remember the days... Well rest in peace my dear cuz,, I love you always...will never forget you.....

“ I gonna miss you uncle roger all the fun that we have together they was some really good time... It harder to see that your gone but I know your still here with me and we have a lot of fun time and all the smile we use to have together... I wish we could watch dallas cowboys together and laugh again... Your the best uncle that I have and I gonna really miss now... But I love you and I know your here with me.... I know your in a better place with grandpa and daddy y'all can have fun again... Love you and gonna miss you....

“ We have lost someone that I will always hold near and dear to my heart. A brother in the true since of the word. He made me laugh when even when I didn't want to, he let me use his shoulder when I couldn't hold it in anymore. I never had to say a word, he always knew when I needed him most and he was there. He gave me advise, and he also had no problem putting me in my place a few times. lol.. What I wouldn't give

to drive up out the house and see him coming out of his shop hollering Rettar, Rettar, Rettar. I love you Rogie, and Ill carry you with me always but your taking a piece of my heart with you. Ill miss you forever until we meet again, YOU BOYS stay out of trouble up there. Love you always your lil sis.
