Albert James Dickey

November 10th 1967 - January 3rd 2024

Albert was born in Los Angeles, California to Martha Mull Dickey and James Mills Dickey III.

During his childhood, he lived with his family in Buffalo, NY; London, England; Amherst, NY;

Aberystwyth, Cymru (Wales); and Albany, NY. He attended SUNY New Paltz then relocated to

Minnesota where he received a Bachelor of Arts in Psychology from Winona State University.

Albert had a talent for computer programming and Information Technology and worked in this

field in Fort Myers, FL and Charlotte, NC.

Albert was gifted with enormous intelligence and creativity. Sadly, he was affected by

depression and alcoholism through most of his life. His family and many friends are doubly

grieved as they mourn what his life could have been.

Despite his many struggles, Albert's sense of humor prevailed and he will be

fondly

remembered by those who loved him.

You may support integralcare.org in Austin, TX in memory of Albert.

“ *Al was a rock solid guy, definitely a good person and good friend. He created the "Mushroom Planet" & allowed me to use it in my space story writings.*
