ME

“ To my Grandma C,
You have touched so many peoples life in a positive and fun way. You were truthful, tough, funny, and loving grandma. You were always one that I can be myself around. You were one who always spoke the truth regardless of if we could stand the truth or not. You instilled value into me, as you were a big part of my life. I remember you sitting on the floor in front of the couch and I used to have to pound on your shoulder and back area. You would always say harder! harder! I remember when all the family got together around the holidays you would break into song in the middle of a conversation. When we went to the house for BBQ we would be talking or listening to music and you would change it and blast your Chamorro or Hawaiian music. Those little things that made you, you are what make me smile and make it through this difficult time. You made such wonderful crafts from your photo albums that we made one summer to the mop head dolls. One of the things that will never be forgotten is the wonderful food that you were well known for. I would eat until I could not eat no more. As it is hard to lose someone so close and so great and dear to my heart, I know that you are not alone and are in a better place looking down on us. I was blessed to spend as much time with you as I could and for my kids to know their great grandma. I love and miss you dearly grandma C.
