

Carlene Deena Gibson

April 11, 1969 - April 8, 2024

Carlene gained her wings on April 8, 2024 after a courageous battle with breast cancer. She is survived by her only son and proudest achievement, Tyler Gibson.

Born April 11, 1969, she grew up in Shreveport, LA surrounded by loving friends and family who helped shape her into the powerful woman she is remembered as. She made her career with Freese & Nichols Engineering, spending her time away from work doing things such as private cooking (which she loved) as well as committing herself to her family and The Lord.

Services are to be held at Heavenly Gates Funeral Home in Shreveport, LA at a later time, with burial in a private cemetery to follow. In lieu of flowers, the Family requests that you take a moment to hug those closest to you and remind them that life is short and precious - make the most of it and let no one dim your shine.
