“ This tribute is from Christle's childhood friend. I've known Christle since the 6th grade. We bonded over our love for Christ. I went to church with Christle, got baptized by Christle's father and got teased by our peers over the love of Christ with Christle. We didn't care though. It strengthened our bond and we became inseparable. We loved camping together and went on many camping trips. The only picture I have with Christle is of us camping but don't be mistaken we weren't camping in the trailer you see in the background. She wouldn't have any of that with her adventurous spirit. We would sleep in our tent or just in a sleeping bag under the stars. We would hike for hours and sit by the camp fire and reminisce over our life so far. Christle and I loved Neil Diamond and I had the pleasure of attending his concert with her back in 1983. We had a blast sneaking around the venue hoping to catch a glimpse of him, again part of her adventurous spirit. I loved that about her, never a boring minute. Christle always encouraged me even when I didn't know how to receive the encouragement. She taught me Volleyball skills for short people in the 8th grade and made me a better player. I didn't want to play but she wouldn't let me quit. She would always get upset with me because I always wanted to quit things. I never got encouragement at home so Christle took it upon herself to take on the task of changing my mindset. Even as the years went on and we grew apart as life sometimes takes us in different directions, I would always hear her words of encouragement and never quit. She gave me this picture a long time ago that I will always cherish. It reads "Please be patient, God isn't finished with me yet". It depicts our friendship of so many years ago that isn't finished yet. You'll be forever in my heart, forever your friend.

Love, Carla

“ Christle you will always hold a special place in my heart. I wish we would of had more time together. Neil Diamond will never sound the same to me without you. God has you in his loving arms and until we see each other again. Love you, Laurie

“ I know Christle through volleyball officiating, and she impacted me in such a positive way. Her passion for the game lives on in all the officials she has trained over the years. Always loved her smile and her desire to help others. I am a better official because of her.

“ Story time with Christle was always the best. Every few tournaments stuff would happen on her court, or an adjacent one. It was nearly always entertaining and/or horrifying to hear how coaches, players, and spectators acted or reacted. She always spent time trying to guide and better others so that they can be the best they can be, and to help make sure that players would get refs that were more capable of understanding and following the rules.

“ Christle and I first crossed paths officiating volleyball in Dallas at the Lone Star Classic. In a tight match, I overruled a call Christle had made (better known to officials as "selling her down the river"). Of course, this was a major learning experience for me, but I'll never forget how professionally and gracefully Christle handled the situation and taught me a meaningful lesson I'll always remember. She was a fierce lover of the game of volleyball and I'm sure she was even more of a passionate mother, grandmother, sister, daughter, and friend.

*The Lord bless you and keep you;
The Lord make His face shine upon you,
And be gracious to you;
The Lord lift up His countenance upon you,
And give you peace.*

“ Christle was an inspiration. Courageous , kind and caring and will most certainly be missed by everyone whose lives she impacted. I met her in 2017. Here is a photo of when some Texas & New Mexico ‘volleyball family’ earned their USAV National patches. Sincere condolences to friends & family 🌻
