“ Danny & family, Bob, Eddie, all Andreas family & friends--i first met "Denny" in 1971, in high school. The East Nassau community (mostly a 1 mile radius) from grade school, we're shared friends, of Brian (RIP) & Wayne Hatch (first cousins). I rarely saw Dennis at that time (he, few years older), then 30 years later, I went to work at St. Anne 's Institute and there was Dennis. We worked in different depts., However conversed often. We played pick up games of hoop there with staff on Saturdays. With only fellowship members, we played in softball tournaments together against other fellowship teams. Our highlight was winning the tournament our first year of participating--we played 6 games (in one day) winning them all. We basked in that memory for years. Dennis brought His son Danny the following year to the tournament, when I first met him. That was Dennis life, Danny! The love shown between them was a gift. Role model of a healthy father/son relationship we admired. I got regular updates from Denny about Danny while at SAI. Danny was in the service, and Dennis was immensely proud of him. Around this time, Dennis had some health challenges, however, he embraced the condition for the next 20 years. I next found him a member of golf league I joined and more fun was had. He & Bob reminded me of my relationship with my brother, Ronnie. Those who know, know! Denny was a lover of autos & I remember some of his work. This is a significantly later entered memory, however, with Dennis in Texas, I did not hear so fast of his passing. The East Nassau community (younger & older guys) was my second play area (all sports). You provided me with many fond memories, Den, & we loved them all. I miss you, big guy.

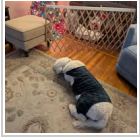

In my heart forever--Bernie Sweeney

“ I have a lot of memories with Dennis. I remember all the fun we all had at the Graham car show Dennis loved that show I am so happy that William and I introduced him to that show. He wanted to go to the 2018 Graham show but he canceled going just so he could be at my house to celebrate my 50th birthday. I will always miss you and love you. You will always be remembered. Michele
