“ We were saddened to hear of Mrs. Howell’s passing. She was a truly kind and generous soul whose warmth and care touched our family in so many ways. Every year, she and her family went out of their way to bring comfort and joy to my ailing mother—through thoughtful gifts, delicious meals, and their regular visits that meant so much to us. When we lost my mother, the Howell family stood by us with love and support that we will never forget.

Mrs. Howell had a beautiful spirit. Her quiet strength and the simple joy of seeing her on the front porch always brightened our days. Her presence in the neighborhood will be deeply missed, but her kindness will continue to live on in our hearts.

Our thoughts and prayers are with Robin and the entire family
