“ *Thinking back I only remember good things about Gene Thorlin... And all the wonderful times that we did spend together. He was one of the few cousins that I had that remembered my parents' giving hearts when he was young and would give them special little remembrance Gifts and visits when he was in the area. The first time I heard him studder, it brought a smile and can remember how joyful I was to know I wasn't the only one. He was a great role model for all of us.*
