In loving memory of John . R. Rodriguez Cerda

John Cerda was born on January 26, 1982 in Austin, Texas to Rebecca Rodriguez and he entered into our heavenly kingdom on September 09, 2023. John was raised by both his mother and step-father Manual Rodriguez. John grew up with his brothers John Albert Cerda, Raymond Vasquez III, Andrew Vasquez and sister Angela Vasquez. We have all been blessed to have had the opportunity for John to be a part of our lives as he has shown us how precious life really is. John had a huge heart and was enlightened by the love he had for God and our lord Jesus Christ.

John leaves behind his grandchildren Hazel and Kaelanni, his kids, Amanda, John Anthony, Christopher, Julian, and Sophia. “ I love you Uncle John. You were always there to protect me and shield me from everything that was happening around me. I know you’re with us everyday protecting us from things that we cannot see. I hope that you are at peace, chilling out eating tamales with our other loved ones. I will forever think of your laugh and smile. You gave me and my siblings the childhood we couldn’t have even imagined. You filled my life with joy and light you will never understand. Thank you for everything that you’ve blessed me with. I love love love you. Your memory will live on through all of the people you touched with your heart especially through me. Bless you and your journey now. Rest easy.

“ There are no words that can describe the pain that I feel right now of losing you. It feels like my heart was ripped out of my chest. It's been a week since I've heard from you since the day you passed away. Another day will go by that we wouldn't speak. I miss you my best friend. I love you. The only thing that keeps me solace and keeps me sane is knowing that I have all of our kids to concentrate on and make sure that I show them love. You were a wonderful father. You are a wonderful friend and I don't think I will ever find anybody that I will trust as much as I trusted you. I know you were suffering with traumatic pain. I know that you are in a better place now, and you can fly high but it still hurts. Who would I talk to now, Who will I confide in! You were definitely one of a kind, John. I will be here and I will continue to keep your name live in those memories that we had together I will share with our children. I will defend your name until my last breath. I love you, my best friend for eternity! Fly with the Angels now, because now you don't have to suffer, you don't have to be treated unfair, you don't have to settle for wheelchair or have a hard time breathing anymore. You are not in pain anymore. I love you always!!

I posted the video with the songs that you wanted me to post that were the most requested by you, but I know we had a long list as well. I miss you.
