April 22, 1986 - April 3, 2024

Leslie Ariel Gunn passed away suddenly 4/3/2024 at age 37. She was a cherished member of her family and is survived by Ed Delashmit, her life partner, her mother, Sandra, father Tom, sister Julie, step brothers Ben and John, step sister Stephanie and nieces Juliana, Ashlyn and Shayna.

Leslie was a graduate of St. Andrew's Episcopal School (Austin) and attended Texas A&M University for three years where she met her life partner, Ed. She was an accomplished three dimensional artist in diverse mediums, and won recognition of her mastery in three dimensional beaded creatures and masks, which were included in theatrical productions.

Her kindness and generous sharing of her artistic talents will be remembered by her fellow workers at the IRS (Austin) and others who were fortunate to know her. Leslie had a special lifelong passion for horses that she rode and cared for from an early age. Eagles, wolves, and cats were also her muses and inspiration.

The spirited, fearless originality of her art and her expansive intellectual curiosity were Leslie's essence; she was a bright red poppy in a field of daisies.

“ I remember when Leslie started at the IRS I was teaching by first new hire class on nights and she sat outside my classroom. We would chat on breaks and talk about her love for horses. She even got my daughter a few horse figurines when she was toddler Before Covid we talked about her making a Harry potter style cloak for my daughter. Leslie was always so kind and quiet. She will be deeply missed.

“ I'm still really in shock, and haven't really wrapped my head around the fact that you are gone. There are reminders of you everywhere - the beautiful dragon you felted for me, and the dog you made for mom when Molly passed. And you were on my mind today when I was in my sewing room, and the first scraps I pulled out were from the little Egypt print from the present I made you and the funny dogs in kimonos print you gave me the same year for the holidays. I'll miss our deep talks on crafts, life and everything in between. My deepest condolences to the family and Ed/Charles. And especially, thank you for the cat that you two gifted us - I'm hoping you and Chester are together somewhere with all the other animals you loved.
