“ So sorry for your loss John and family Lillian is such a ball of energy and joy. I love watching you both interact at the donut shop in round rock. Us chatting about market basket and you always commenting how small my donuts were and market basket was so much better lol. Then telling me why did I ever start a donut shop because there was no money in it and a pizza shop was the way to go. So I took your advice and moved back north to New Hampshire and opened a pizza shop. I remember John you and I chatting away and Lillian walking to bealls next store buying you shirts all the time. She reminds me of my own mother. You gave me a prayer card. When my father passed away and I will always appreciate that. God bless you John and family and I pray for the best for you. Take care
Sincerely Sean White
