

Lisa Ann Doggett

August 11, 1966 - January 31, 2026

Our beautiful Lisa passed away after a long and heroic battle with cancer. Her loving husband, Loren, and their faithful dog, Louie, were by her side.

Lisa was born in Oak Park, Illinois. From a very young age Lisa assumed the role of primary care giver to her two youngest siblings. Wanting to better herself, her family and her future, she was the first in her family to attend college and graduated from NIU (DeKalb, IL) with a Bachelor Degree of Science in 1989.

Shortly after graduating Lisa began her career with the Veteran's Administration and moved to Austin, Texas. Lisa proudly served our nation's veterans for 32 years with a focus on purchasing and expediting medicines and supplies to VA hospitals until she retired in 2022.

In 2004, Lisa and Loren each met the love of their life and married the following year in a seaside ceremony. They enjoyed the Austin music scene and a common love of nature in a wonderful relationship where they were rarely apart.

There is much more to say about Lisa's beautiful life, but at the core was her love for family and friends and her deep desire to make the world a better place.

Lisa was preceded in death by her parents, George O'Donnell and Elida Quela O'Donnell.

She is survived by her husband (Loren), siblings: Brigett (and Jose), Elida (and Reggie) and George Robert (and Maria), brother-in-law Robert (and Raman) plus many nieces, nephews, aunts, uncles and cousins (including Holly, who was more like a sister) as well as truly amazing friends from all over the country.

In lieu of flowers, please contact your elected officials in Congress and demand they restore and continue funding to the NIH including trials specifically related to cancer research. And please vote for leaders in the future who will do the same, so warriors like Lisa may have a better chance.

Celebrations of Life in both Chicago and Austin will be announced at a later date.

We Love You Lisa~

AB

“ I'll never forget meeting Lisa on our first day of college and instantly connecting. When her family was leaving, there was little Elida and George running and jumping around on the lawn beneath her window with their Dad yelling good byes. Lisa will forever be in my memories and my heart. My love goes out to Lonnie and the whole O'Donnell clan.

“ There are no words to express how much you have influenced my life. I can hear your laugh, I have felt your pain, I heard your dreams, I've sung our songs. You were a force of nature and I was lucky to call you friend for 40 plus years. I pray you are at peace on that moonlight mile.
