

Misty Reneigh Gibbs

March 12, 1983 - June 7, 2025

Misty, 42, peacefully passed to heaven on Saturday June 7 at her home in Temple, Texas. We selfishly want her here with us, but now she is pain free and rejoicing in heaven with her mom. Misty, also known as NayNay, was always a carefree soul that loved big. Misty is always described as the nicest person people ever met. She greeted everyone with the biggest smile on her face, to know Misty was to be loved by Misty. Misty's legacy will live on through her two girls Pyper and Paris. Her girls, Carson, and the boys were her reason for fighting and trying to get better and be better. Misty met Carson two years ago and told us she had found her person. We are so grateful she found him, and the only regret, is that their time was cut too short.

She is survived by her twin daughters Pyper and Paris Gibbs, her significant other Carson Hitchens, and his two sons Grayson and Barrett.

Her maternal grandmother Wanda Bewley.

Her father, Bimbo Caswell.

Her sisters, Denise Lutjens and husband David, Krystal Shackelford and significant other Travis.

Her Brother John Robert and wife Randi.

Her niece Destinee Lutjens and fiancé Landon.

Her great niece Presleigh Jean (PJ) and soon to be great nephew Dausen Alan.

She is also survived by her former in-laws whom she still loved like family, Gary and Renee Gibbs, and sisters- in-law Joella Stiles and husband Tad, and

Emilia Gibbs.

She is preceded in death by her mother Pamela Caswell, brother Chris Caswell, paternal grandparents and maternal grandfather.

She will be missed by every life she touched.
