“ *Met Randall in 1998 in Wilkes Barre Pa. We were best friends for many years. Randall always talked highly of his family. He will be greatly missed. Randall's hero was Jesus. Good by old friend.*

“ *Randall was my co-worker for a few years at The Family Foundation School. He was the biology teacher. He also lived in my home for around 3 months while he looked for a place. That is how we got him to move up here and be our biology teacher. We were desperate and he was great.*

*May you all have comfort and may he rest in peace.*
