

Richard R. Ochoa

May 14, 1946 - December 17, 2018

Richard Ray Ochoa (Taco), 72, passed away in his beloved Austin, Texas on December 17, 2018.

His wit, talent, and off-color humor will be greatly missed by his son, Ryan, his sister, JoAnn, his best friends Brenda and Russell, and too many family members to name (or even count!). Richard served his country and had a kind soul. He fiercely loved his family, friends, pets, and music and will never be forgotten.

He will be interred in the columbarium wall at DFW National Cemetery, in a small, private ceremony.

“ *Saddened to find a lost Brother only to find out that he has passed away. I served in Vietnam with Taco fifty years ago. Over the years I have thought about him and wondered how life was for him afterwards.*

I am glad that he has had such a loving and caring family. Taco was a fearless point man and seemed to take pleasure from doing things that others were hesitant to do.

Rest in peace Brother, you are leading the way again.

“ *Richard will be missed. When Andy (his cousin) and I married, he became my cousin too. We lost contact when we came to UH in 1967...a very long time ago however, of course, we thought of him often and saw him at family special occasions. Thank you Richard for being with our family when Andy passed away 2 years ago. Rest In Peace Richard.*
