“ I only had the sincere pleasure of knowing Sonia for about a year, but in that short time, she made an impact on me that I will never forget. Her kind and humble spirit always made me smile and encouraged me to be more like her.

I remember shortly after starting in the department, Sonia took the time to quietly greet me and ask questions that made me feel welcomed. Her wonderful character shone through in everything she did, and she had a quiet humor that always brightened the day. One particular memory that stands out is when the office was playing "two truths and a lie" and she wove the two truths and a lie into a story that led to her laughing, and her laughter was just so infectious that it lifted my spirit.

Sonia's passing leaves a void that will be profoundly felt. Her presence was a comforting light in our workplace as she demonstrated her wonderful character every day. Her kindness will always be remembered.

Rest in peace, Sonia. You will be greatly missed!

“ I met Sonia in August 2011 when I accepted a position in the Records & Registration department at CTC. She was a pleasure to work with and served our students well with her knowledge of the Skill Center program. I always admired her quiet nature and display of professionalism, even during the most challenging times in our semester. She will be missed tremendously. My thoughts and prayers to her family during this difficult time.

“ I met Sonia when I started working for Eagles on Call. She worked the night shift and had such a sweet spirit. While working in other positions, Sonia always greeted me with a smile when we crossed paths. Her soft-spoken responses were always so peaceful. Although I am no longer there, I know this loss has been felt by many.

“ *Sonia was such a fun person to know and get the pleasure of working with. We are like a big family at EOC and it was nice having her as one of the unofficial aunties at work. We would joke with her saying she was in charge or when we would leave for her to behave herself even though she was the best of us all. Joking and talking with her always made days go by faster and working together so much sweeter. We will greatly miss her at Eagles on Call.*

“ *I have known Sonia for about 15 yrs while working here at CTC. This was our first time actually working together in the same department. I called her speedy because she moved so slow. When she would come through the door for work, she would announce speedy is in the building in that low voice so I would hear her and chuckle. Every now and again she would be full of shenanigan's and we would have a good laugh. I so enjoyed her sweet spirit, and will definitely miss her. Sonia is in a better place, no long in pain. God Bless you my friend! I pray that the love of the Father would comfort your family, and His love surround you all during this time of loss. M. Hawkins*
