September 20, 1976 - December 18, 2020

'm missing you already but I know you had to go.

My heart is really hurting and will heal slow.

We did so much together and I dont regret a thing. I am your Bitte Vogel and you did hear me sing

Our babies have been missing you, but I wont let them cry

I'll see you soon my love, so I wont say goodbye.
