

Summer Gayle Matau

February 5, 1948 - April 6, 2020

Summer Gayle Matau lost her battle Monday April 6th from pancreatic cancer at the age of 72. She was the daughter of Alexander and Betty Matau who preceded her in death along with her sister Dawn.

Summer is survived by her two daughters & son-in-laws: Brooke & Bob Krenzelo and Alexis & Dustin Sultenfuss; her 4 grand daughters, Taylor, Payton and Jordan Krenzelo and Madison Sultenfuss; Her brother, Alex Matau (wife: Pam) and sister, Laura Matau and her Aunt Linda Amundsen.

Everyone who knew Summer knew how much she loved discussing politics and loved helping and supporting veterans. The last year she enjoyed decorating both baseball and cowboy hats to be donated to the women battling with cancer as they lost their hair. She graduated nursing school from the University of Texas and dedicated herself to being a great nurse to all her patients.

She will be missed by all those that knew her but know she is now pain free and in heaven with her parents and sister.

Due to COVID, we are currently unable to have a service. Sometime in the near future, we will have a memorial service at her church.

“ *Summer was my first love. I knew her as Patricia back then. I saw her across the dance floor at the teen club, on Otis AFB. I walked over and asked her to dance. We dated until my father retired and I moved to Arizona in the middle of my senior year. She was beautiful. She was special. I have never forgotten her. She will forever be in my heart.*
Bob.

First love never dies. Summer talked of you often, Bob. When she was sick with cancer, and I took care of what she needed, I used to clean up her emails on her computer and she always cautioned me not to delete any emails from you. Life takes its twists and turns but our hearts will forever burn with love for our beloved. May God bless you and your family.

“ *I considered Summer a good friend. I work at Hobby Lobby and she was a regular. She was so positive and never knew what she was going to wear. She was so sweet and I will miss her as a friend and customer*
